

Syllabus

Academic Year	2025/2026
Program	Global Law
Course	EU Law
Term	I semester
Year	2
SSD	IUS/14
Credits	8

INSTRUCTIONAL GOALS	<p>The course aims to provide a general overview of the EU's institutional architecture, legal system and internal market. By the end of the course, students will acquire a solid theoretical knowledge of the foundations of EU law as well as the instruments to develop a critical view of the European integration process and its dynamics.</p>
INTENDED LEARNING OUTCOMES	<p>Knowledge and understanding:</p> <p>Students will gain a solid knowledge and a deep understanding of foundations, institutions, legal system and decision-making processes of the EU, as well as EU's internal market and external relations.</p> <p>Applying knowledge and understanding:</p> <p>Student, by applying the theoretical knowledge and practical skills acquired during the course, will be able to address and solve the main legal issues related to EU Law.</p> <p>Making judgments:</p> <p>Students will be able to independently analyse all relevant sources and issues in EU law, also identifying, with critical judgment, concrete solutions to real problems.</p> <p>Communications Skills:</p> <p>Through participation in the course and related practical activities (oral and written), students will acquire the appropriate vocabulary of EU law, being able to persuasively present their ideas, analysis and findings, either orally or in writing.</p> <p>Learning skills:</p> <p>Students will develop the ability to understand and analyze, independently and critically, all aspects of EU law and the process of European integration, also with a view to its possible future developments.</p>
