---

Z-LAB (2 CFU)  
2 core courses (12 CFU in total)  
2 elective courses (12 CFU in total)

---

## Core Abroad/Mandatory Abroad/Elective Abroad

Should core and/or elective courses be taken abroad in the context of a Double Degree, a Structured Partnership, LLM, an International Exchange Program, the Free Mover Program or a Summer School, the general option Core Abroad, Mandatory and/or Elective Abroad must be selected.

It should be noted that it is necessary that courses have already been approved in accordance with the procedures laid down for every mobility program.

The exam - if passed - will be included in the student's academic record with the awarding of credits as specified by the degree program for core/elective subjects.

Should the exam for the core and/or elective course taken abroad not be passed, it is mandatory to inform the Student Office of the substitute Core Abroad, Mandatory Abroad and/or Elective Abroad exam to be taken at Luiss, from among the courses that have been activated and that are not already full.

## Note

If core courses/elective courses/other activities or language courses have already been included in student's career (exams recognized upon transferring from another University/changing degree programs/shortening of program/master, exams taken during mobility, brought forward, etc.), they must be confirmed during the study plan compilation process.

It is not possible to select other courses and take other exams instead of these already recognized or taken.
